

Friends of AAA

Friends of the Appraisers Association of America, Inc.

For those who are interested in the appraisal profession but do not wish to join the AAA as an appraiser, we offer a wonderful opportunity to keep in touch with the appraiser's world. For \$100 per year, you may be enrolled in the Appraisal Institute lecture series held on six evenings, October through May each year. In addition, you will receive invitations to selected AAA events, conferences, seminars, and other activities planned by the Association.

The opportunity to share first hand with appraisers the "tools" of their trade should be equally important and helpful to students whose field of study is leading towards the appraisal profession, as well as to lawyers, bankers, insurance brokers and others who work with trusts and estates and also on insurance coverage of the fine arts, antiques, jewelry and other personal property. In no other publication or course are the governmental, legal, or scholarly aspects of personal property more clearly confronted. Don't let this opportunity pass you by – stay in touch – know your field.
